Approximately 1.3 miles north of the City of Clinton, SC

Pursuant to S.C. Code Ann. Sections 44-96-10, et. seq., and 25A S.C. Code of Regulations Section 61-107.19, *Solid Waste Management: Solid Waste Landfills and Structural Fills*, a permit shall be issued for a Class 2 Landfill vertical expansion if all of the requirements of said law and regulation have been met. The permit was issued on Wednesday, November 30, 2011, and was mailed on the same day via certified mail to the Applicant.

This decision of the S.C. Department of Health and Environmental Control (Department) becomes the final agency decision 15 calendar days after notice of the decision has been mailed or otherwise sent to the applicant, permittee, licensee and affected persons who have requested in writing to be notified, unless a written request for final review accompanied by a filing fee in the amount of \$100 is filed with the Department by the applicant, permittee, licensee, or affected person. Instructions for requesting a final review by the Board of DHEC can be found on DHEC's website at:
